4.4. Testing and approval of class 1 decorations

Licensed decorators are allowed to use all the decorations included in the list of self-tested decorations of their supplier(s).

Within a decoration system (DP-No. + FS-No.), any decoration not included in the list of self-tested decorations of a licensed powder or film supplier can only be included in the decorator’s list of approved decorations if satisfactory tests have been carried out by a QUALICOAT (QUALIDECO) laboratory.
